

If you are an enrolled student at an Institute of Higher Education such as a University or college, please be advised that you may need to have your institution's permission to access **copy editing** services . It is your responsibility to find out whether this is the case.

It is not usual to need permission to access proofreading services.

**Copy editing:** checking for clarity, coherence, flow and fluency, correctness of grammar and punctuation, appropriate language, correct style, referencing or attribution and general accuracy. I will suggest better ways to express things as well as ensure you follow correct form and style.

**Proofreading:** Checking for and correcting errors such as spelling, punctuation and syntax. I will not alter what you say or the way you say it, just correct errors.

*At present, I don't advise on PhD theses or academic journal articles.*

Service	Cost	Turnaround (approx.)
